

# NOVOFLEX Cab - Lok Cable Ties

## High performance ties with superior Tensile Strength

Material: Manufactured from **UL approved Nylon 6.6 material**.

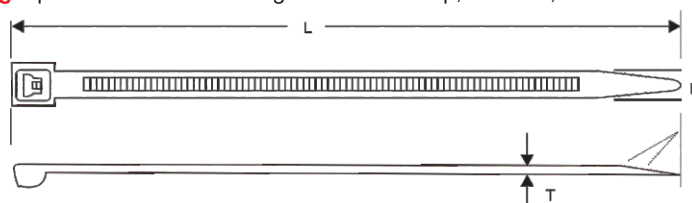

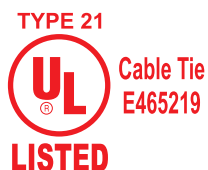

Flammability Rating **UL- 94 V-2** Resistant to Fungus, corrosion, and most mild acids.

Standard Colour : Natural Colour. Other colours available on request, subject to a Minimum Order.

Operating Temperature : -25° C to +85° C

Standard Packing : 100 Nos.

Tensile Strength : High **Tensile strength** provides a secure locking which will not slip, come off, or slacken. Must be cut to be removed.

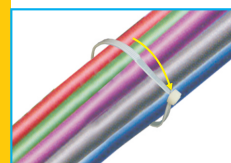

### NOVOFLEX Non-Returnable Cab-Lok Cable Ties - ES Series

Novoflex Part No.	Nominal Length L (mm)	Strap Width B (mm)	Thickness T (mm)	Min. Tensile Strength (Kg)	Max. Cable Bundle Dia. (Mm)
CP 80 ES	80	2.5	1.0	8	14
CPS 100 ES	100	2.5	1.0	8	24
CP 100 ES	100	3.5	1.2	14	35

CP 920 ES	920	9.0	1.9	80	275
CP 1220 ES	1220	9.0	1.9	80	375

Novoflex Cable Ties are tested for specified Tensile Strength.

### Installation Instructions

Place cable tie around the cable bundle, insert tail into head.

Pull tie through locking head, down to bundle.

Cut the excess tail for a neat and compact finish.

### NOVOFLEX CABLE TIE TENSION TOOL (TG-01)

For Fixing Up to 5 mm wide Nylon Cable Ties.

### NOVOFLEX CABLE TIE TENSION TOOL (TG-02) (METAL BODY)

For Fixing Up to 8 mm wide Nylon Cable Ties.
